REGULATIONS

West Cork Rally 2019

16th & 17th March 2019

Supplementary Regulations International

FOREWORD

Dear Competitor,

It gives me great pleasure to present to you the regulations for the Clonakilty Park Hotel West Cork Rally 2019, which takes place on the 16th & 17th March 2019. We are delighted to welcome back once again as title sponsor, Mr David Henry and his team in the newly named Clonakilty Park Hotel. We would also like to express our sincere thanks to all of our associate sponsors, and our existing event partners and associate sponsors in the host town of Clonakilty, namely the West Cork Rally Clonakilty Committee, the Clonakilty Park Hotel which will once again be the rally HQ base for the event. An event of this magnitude would simply not be possible without the ongoing support and financial backing from all of our sponsors and we thank them all dearly for their support and commitment.

We would also note the support and assistance we receive from all our associate advertisers and stage sponsors and again without their support the event would not be possible and we would urge one and all to support all our sponsors and associate advertisers in their respective businesses.

The event is again a counting round of the 2019 ITRC (Irish Tarmac Rally) Championship including the International, National, Historic and Junior championships. For the first time in 2019 the event is the second round of the British Rally Championship, and is also a counting round of the FIA Celtic Rally Trophy, as well as the Plasticbags.ie Southern 4 rally championship.

The event will once again follow the compact competitor friendly format as last year's event with all activities including Scrutiny, Parc Ferme, etc will all be centralized in the town whilst the event service park will be just on the outskirts of Clonakilty ensuring a very compact centralized base for the event.

I would like to sincerely thank all of the Organizing Committee for the strenuous efforts and hard work throughout the year in assisting in the preparation of the event. I would like to thank the Residents, Landowners, Garda Siochana, Cork County Council & Government Departments, Ordnance Survey, the Media and all of whom have contributed towards the 2019 West Cork Rally.

On behalf of the Cork Motor Club, I wish you all a safe and enjoyable weekends sport and enjoyment at the West Cork Rally and look forward to seeing you all at the Rally HQ Clonakilty Park Hotel, and out and about out on the classic stages of West Cork over the course of the weekend.

All following cars shall also stop. The second car at the scene shall proceed to inform the next radio point. Subsequent cars shall leave a clear route for emergency vehicles. 12.7.1.7 Interruption of a timed stage.

When a Special Stage has to be stopped for any reason whatsoever before the last crew has covered it, a classification for the Stage may however be established by allocating to each crew, which has been unable to complete the stage because of the interruption, the time of the last competitor to complete the stage before the interruption. This classification may be drawn up by the Clerk of the Course even if only one crew has been able to cover the stage in normal competitive conditions.

Should the Clerk of the Course consider the time set by the last competitor to complete the stage as abnormal, he/she may choose as the scratch time the one among the four previous competitors to complete the stage which seems to be the most suitable. However, no crew which is totally or partially responsible for stopping a stage may benefit from this measure. It will be given the time which it might have eventually set if this is greater than the scratch time awarded to the other crews. Following consultation with the Safety Officer a stage may be re-started and the stage interrupted time will only be applied to those crews affected by the stoppage. Crews completing the stage after it has been re-started will be credited with their actual time.

If 10 minutes has elapsed since the start time of the last competing car that started the stage, then the stage may only be restarted in the following specific circumstances:

A stage may be restarted up to 16 minutes after the start time of the last competing car, provided that a 00 car is available at the stage start and has entered the stage no more than 11 minutes after the start time of the last competing car and the 00 car has passed the second radio point before the next competing car starts the stage. This re start procedure will be under the control of the CoC and the Radio Controller. A report (to include start and finish times together with times 00 reached the second radio point) for all re starts involving 00s must be submitted to the appointed MI Stewards of the event.
